Your Voice Omnibus Survey on Small Business Issues

Key results for August 2021

Overview: CFIB omnibus surveys since 2020

CFIB has surveyed members on the impacts of COVID-19 from the start of the pandemic (15 weekly surveys from mid March 2020 to early July 2020).

The surveys switched to biweekly frequency in the summer of 2020 (4 surveys from mid July to end of August), then to monthly frequency in the fall of 2020.

Starting January 2021, every month, CFIB members answer *Your Voice*, a survey covering a wide range of current topics, including COVID-19 impacts. The latest monthly takeaways are presented here in a few key charts.
