

Wanted:

A vision for entrepreneurship in the Yukon

To: My MLA & Premier Darrell Pasloski

We need a vision to support and grow entrepreneurship in the territory, a vision where entrepreneurship is respected, rewarded and encouraged. Here's what I think the vision must include:

Labour shortages

- Introduce a training tax credit for small business
- Other:

Taxes

- Lower the small business tax rate to zero over time
- Other:

Red tape

- Introduce legislation to measure, report and reduce red tape
- Other:

Costs of doing business

- Improve the reliability and cost of energy and telecommunications
- Other:
